[CITATION] WebVis: A Tool for World Wide Web Access Log Analysis

JE Pitkow, KA Bharat... - 1994 - Citeseer

[Cited by 72](#) - [Related articles](#) - [Library Search](#) - [All 22 versions](#)

Composition and search with a video algebra

R Weiss, A Duda... - Multimedia, IEEE, 2002 - ieeexplore.ieee.org

... The output characteristics of video expressions are media-independent, so the rendering can **adjust** to the available ... Figure 6 shows a snapshot of this example, captured during **playback**. **Window** priorities (see Table 1) are used to resolve overlap conflicts of screen display. ...

[Cited by 153](#) - [Related articles](#) - [All 8 versions](#)

Multi-resolution video representation for parallel disk arrays

T Chieh, RH Katz - Proceedings of the first ACM international ..., 1993 - portal.acm.org

... For example, if the display represents the full resolution and the rendition **window** size is less than ... The real question is whether **playback** of video sequences at other resolution levels could also have the ... The key idea of this work is that one can **adjust** the stripe unit size of the ...

[Cited by 51](#) - [Related articles](#) - [All 3 versions](#)

TCP-real: improving real-time capabilities of TCP over heterogeneous networks

C Zhang... - ... of the 11th international workshop on ..., 2001 - portal.acm.org

... comparison under the different scenarios described above comparison is shown in table 4 , table 5, table 6 and figure 4 and 5. The result for **playback** time interval of ... TCP-Real's congestion avoidance mechanism enable the sender to **adjust** the sending **window** before the ...

[Cited by 54](#) - [Related articles](#) - [All 20 versions](#)

On end-to-end architecture for transporting MPEG-4 video over the Internet

D Wu, YT Hou, W Zhu, HJ Lee... - ... and Systems for ..., 2002 - ieeexplore.ieee.org

... data-point selection criterion for better modeling the updating process; 4) a sliding-**window** method for ... In particular, we may dynamically **adjust** target bit-rate distribution among video objects, in ... Here, according to the maximum **playback** delay, we choose the fourth packet as the ...

[Cited by 172](#) - [Related articles](#) - [BL Direct](#) - [All 23 versions](#)

[CITATION] Content-based access to algebraic video

R Weiss - 1994 - Citeseer

[Cited by 96](#) - [Related articles](#) - [Library Search](#) - [All 11 versions](#)

System and method of interactively forming and editing digital user-arranged video streams in r time from a plurality of simultaneously-displayed digital source ...

K Soohoo - US Patent 5,448,315, 1995 - Google Patents

... the source video s'ams' Plus transformations, as se- In particular, he or she is not able to control, **adjust**, or 40 lected ... he or she including all transformations, is replayed in a larger plays it, responding to the images and sounds produced **playback** video **window**, and the ...

[Cited by 25](#) - [Related articles](#) - [All 2 versions](#)

Record and playback in a data conference

RA Skarbo ... - US Patent 5,764,901, 1998 - Google Patents

... 7 shows the **playback** dialog **window** of FIG. 6 in another user. ... 17 shows a record and **playback**

services dialog panel **window**; and FIG. 18 shows a select frames dialog for use in combination with the record and **playback** services dialog panel **window** of FIG. 17. ...

[Cited by 54](#) - [Related articles](#) - [All 2 versions](#)

A continuous media player

L Rowe. . - Network and Operating System Support for Digital ... 1993 - Springer

... Examples of **play** requests are "put image in video **window**" or "send packet to audio device."

If ... The Source uses the penalty to **adjust** the current frame rate as follows ... We believe that reduced variability in the frame rate produces higher quality video **playback** than minimizing ...

[Cited by 159](#) - [Related articles](#) - [Library Search](#) - [BL Direct](#) - [All 44 versions](#)

System for the capture and replay of temporal data representing collaborative activities

TP Moran, SL Minneman, SR Harrison... - US Patent 1998 - Google Patents

... _ _ _ _ _ ^ rr FIG. 16 is an illustration of correlation between the **Playback** of the temporal data is desirable to recall LiveBoard **window** and the timeline interface, namely conversations and/or other activities that occurred during the graphical object to timeline indexing. ...
